Zomato: 1.4M → 2.5M users, +29% new-user OTR • AmEx: \$32M revenue, 24K+ acquisitions, 60% conversion uplift

PROFESSIONAL EXPERIENCE

Senior Marketing Analyst — Growth & Retention

Nov 2024 – Present

Eternal (Zomato) — Gurugram, India

Own end-to-end growth strategy, investment decisions, and unit economics for Zomato's new user funnel spanning performance marketing, product growth, and cohort profitability

- Owned full P&L and investment decisions for Zomato's new user funnel — scaled monthly acquisition from 1.4M to 2.5M users while holding customer acquisition payback under 15 months through disciplined capital allocation across channels, incentives, and discounts
- Drove product growth initiatives redesigning onboarding, homepage, menu, and cart experiences with product and design teams, improving new-user order-through-rate by 29% and strengthening cohort retention
- Owned performance marketing across Meta, Google Ads (UAC/Search), and Apple Search Ads at multi-million monthly acquisition scale; directed channel mix using cohort ROAS and LTV signals to balance growth, efficiency, and incrementality
- Built solo:** WhatsApp Campaign Engine — intelligent proxy across 9 WhatsApp Business accounts auto-swapping paused Meta templates in <3s at ~\$0 monthly infra cost
- Built automated competitive intelligence dashboards via Sensor Tower API tracking competitor rankings and install trends in real-time; served daily to 20+ stakeholders including leadership, eliminating manual weekly reporting

Analyst — Data Science, New Acquisitions & Marketing Strategy

May 2022 – Oct 2024

American Express — Gurugram, India

Owned precision acquisition strategy across 4 global markets (UK, Australia, Canada, Japan) — high-LTV targeting using behavioural and geolocation signals; led experimentation and go-to-market strategy at global campaign scale

- Designed precision digital acquisition strategies targeting high-LTV segments across UK, Australia, Canada, and Japan generating \$32M incremental revenue and 24K+ card acquisitions
- Delivered 60% conversion uplift by leading A/B and multivariate experimentation across the full user application journey across 12+ global campaigns
- Built decision management interface enabling product × channel targeting, dynamic offer logic, and real-time prospect segmentation at global campaign scale
- Developed anti-gaming detection systems and real-time alerts protecting against promotional abuse, improving campaign ROI by 11%
- Drove cross-functional collaboration across product, data science, technology, and marketing globally across 12+ campaigns

Product Management Intern

Feb 2022 – May 2022

Business Analyst Intern

May 2021 – Jul 2021

OYO — Gurugram, India

Returned for PM role based on BA internship performance — rehired across two stints

- Drove 10K+ monthly app installs through Play Store ASO, keyword research, and metadata optimisation; improved organic traffic by 15%
- Improved app ratings to 4.4 (Google Play) and 4.7 (App Store) by designing and shipping an in-app feedback and rating mechanism
- Reduced booking funnel drop-offs by 7% through iterative A/B testing; designed 3 CRM campaigns with gamification features improving repeat user engagement

Co-Founder — Business Development & Operations

Jan 2021 – May 2021

KioGo — Indore, India

- Co-founded ambulance booking platform across 45 districts in Madhya Pradesh managing 200+ ambulances, 90+ drivers, 5 hospitals, and 50+ pharmacy partnerships

PROJECTS

WhatsApp Campaign Engine

Solo · 2026 · github.com/munshialok3/whatsapp-campaign-engine

Production-grade messaging infrastructure built solo — Cloudflare Workers, Meta Graph API, KV Cache — zero vendor, near-zero cost

- Eliminated campaign downtime risk across 9 WhatsApp Business accounts — auto-swaps Meta-paused templates to approved backups in <3s; full audit logging, instant stakeholder alerts, 100% uptime since launch at ~\$0 monthly cost
